RAYNAL

A WATCH PERFECTLY ADAPTED TO YOUR SIZE

For an ever more personalized service, we provide this paper bracelet to measure your wrist more precisely. Our employees will thus be able to adapt your watch precisely to your dimensions.

HOW TO MEASURE YOUR WRIST SIZE?

To use this paper bracelet, slip a piece of wire around your wrist as if it was your watch. We recommend that you do not over tighten it. Measure this piece of wire along a ruler or use our graduated paper bracelet, printed on this page.

CREDIT CARD SIZE

After printing this document, place a credit card on the area below demarcated with dots. If the two match, you can measure the length of the wire on one of the rules.

If the area does not correspond to your map, go to the menu « Print », « Copies and adjustments » and uncheck the option « Adjust large pages ». By reprinting this page, the zone sould match and you can use the cm ruler.
